PARADOXICALLY, many people with unquestionable ability to accumulate wealth, exhibit a surprising neglect in disposing of it. That, probably, is why nearly fifty per cent of all estates have no will back of them, in which case the Courts are called upon to distribute the assets strictly according to legal requirements established by a by-gone legislature.

OF RICH, RIPE-BODIED TOBACCO

All kinds of people choose Luckies, each for reasons of his own. But everyone agrees that Luckies are A Light Smoke of rich, ripe-bodied tobacco. It is a rather surprising fact that the leaves of the same tobacco plant may vary far more than the leaves from plants of quite different types. Chemical analysis shows that the top leaves contain excess alkalies which tend to give a harsh, alkaline taste. The bottom leaves tend to acidity in the smoke. It is only the center leaves which approach in nature the most palatable, acidalkaline balance. In Lucky Strike Cigarettes, the center leaves are used.

Luckies are less acid

Recent chemical tests show that other popular brands have an excess of acidlty over Lucky Strike of from 53% to 100%.

PARADOXICALLY, many people with unquestionable ability to accumulate wealth, exhibit a surprising neglect in disposing of it. That, probably, is why nearly fifty per cent of all estates have no will back of them, in which case the Courts are called upon to distribute the assets strictly according to legal requirements established by a by-gone legislature.

OF RICH, RIPE-BODIED TOBACCO

All kinds of people choose Luckies, each for reasons of his own. But everyone agrees that Luckies are A Light Smoke of rich, ripe-bodied tobacco. It is a rather surprising fact that the leaves of the same tobacco plant may vary far more than the leaves from plants of quite different types. Chemical analysis shows that the top leaves contain excess alkalies which tend to give a harsh, alkaline taste. The bottom leaves tend to acidity in the smoke. It is only the center leaves which approach in nature the most palatable, acidalkaline balance. In Lucky Strike Cigarettes, the center leaves are used.

# 269 Sheep Killed By Dogs in This County in a Year FAVORITES

County Treasurer is Now Paying Claims Filed by 75 Farmers

Morgan county farmers whose sheep and other livestock were killed by dogs during the past year will receive slightly more than half of their claims. the claims being paid from the dog tax collected by the county. Each year the claims are pro-rated among the sum

available for this purpose.

County Treasurer W. H. Self is now paying the claims filed by seventy-five farmers who lost sheep and other stock as a result of canine raids. The amount available for payment in sheep claims is \$1,369.66, or \$2.22 per cent of the amount of the claims filed.

From the first Monday in March. 1935, to the first Monday in March. 1936, 269 sheep were killed by dogs in the county. During the same period does killed three hogs, one cow and twenty goats.

Farmers who filed claims are now calling at the treasurer's office for

their checks George Pratt of Virden was a caller in the city yesterday. Joe Hughes of Meredosia was a business visitor in the city yesterday.
